HEALTH AND SAFETY

Alternative Drop Off Points

With limited parking, the main driveway can become very congested with cars and pedestrians. To help ease congestion and prevent accidents we ask members and visitors to consider our two alternative drop off points.

Alternative Drop-off Point A

Motat Entrance, lower car park. Passengers can be dropped off at the end of the carpark and walk down the path and across the pedestrian crossing to the fields.

Alternative Drop-off Point B

Motat Entrance, upper car park. Passengers can be dropped off in the top carpark and walk across the grass to the stairs that lead down to the club rooms and pitches. This is the safest option for pedestrians to avoid any vehicles.

Using the Main Car Park/Driveway

When using the main car park/driveway for drop offs and pick ups please do not stop in the middle of the driveway. Please drop off and pick up at the end of the drive way however, DO NOT wait or park in the reserved or no parking area, this includes waiting in your car.

Please watch your speed when using the club driveway especially at the Pedestrian Crossing and stick to 10km/h or less.
